## FILING FOR US\$3.7 MILLION OF NOL CREDIT

Rampart Energy Ltd (“Rampart” or “the Company”, ASX: RTD) is pleased to announce that its subsidiary, Rampart Alaska LLC, has filed its application to receive an approximate US\$3.7 million reimbursement from the State of Alaska, in the form of a net operating loss (NOL) credit. This is in addition to the US\$3.1 million of reimbursements already applied for under the State of Alaska’s exploration tax credit structure. Both reimbursements relate to the US\$7.8 million “Big Bend” 3D seismic program, completed in the Western Block, North Slope Alaska, in early 2014.

The majority of the proceeds will be used to pay down funds drawn against receivables from the Company’s credit facility, with any remaining funds to be allocated towards working capital. Rampart expects the reimbursements to be credited during 2015.
