**About Pilot Energy:** Pilot Energy Ltd is an emerging junior oil and gas exploration company that is implementing a low-cost, counter-cyclical strategy to develop a portfolio of high quality oil and gas exploration assets. The Company's aggressive new ventures program has rapidly resulted in acquisition of material working interests in the WA-481-P, WA-507-P, WA-503-P and EP416/480 exploration permits, located offshore and onshore Western Australia, in addition to a minor working interest in the EP437 permit. Key to Pilot Energy's strategy is minimisation of project entry cost and work commitments, while allowing sufficient time to add value through desktop studies prior to seeking farming partners to fund seismic and/or drilling. Pilot Energy works closely with industry partners such as seismic contractors in order to develop creative pricing models for services that help to reduce the Company's upfront cash investment.

**Dear Pilot Energy Shareholder,**

## **NOTICE OF INTENTION TO SELL SHARES OF LESS THAN MARKETABLE PARCEL**

The Board of Directors of Pilot Energy Limited (**ASX: PGY**) ("**Pilot Energy**" or "**the Company**") are pleased to announce the Company will commence the process for the sale of ordinary shares ("**shares**") for holders who hold less than a "marketable parcel" (defined in the ASX Listing Rules as a parcel of securities of not less than \$500 in value) ("**Less Than Marketable Parcel**") ("**Less Than Marketable Parcel Sale**").

This offer applies to shareholders who at 7:00pm (AEST) on 9 March 2017 ("**Record Date**") were holders of shares in Pilot Energy valued at less than \$500 based on the last closing price of Pilot Energy shares of \$0.002 per share on the Record Date. Our records show that you are the holder of less than a marketable parcel as at the Record Date and accordingly your shareholding is eligible to participate in this share sale facility.

Pilot Energy is offering this facility as it provides the following benefits:

- Holders of less than a marketable parcel have the opportunity to sell their shares without incurring any brokerage or handling costs which, in proportion to the value of their holding, may otherwise render a sale unattractive or uneconomical; and
- The expense and administration involved in maintaining shareholders with less than a marketable parcel is reduced.

The Company has approximately 1,741 shareholders of which approximately 1,090 hold less than a marketable parcel of shares that in aggregate represent approximately 1.58% of all issued shares.

You may choose to sell all of your holding or retain your existing holding as explained below.

### **1. Sell all of your Less Than Marketable Parcel**

If you wish to sell your shares without incurring brokerage or handling costs, you do not need to take any action. Pilot Energy is authorised under its Constitution to sell your shares following the Closing Date of 28 April 2017 ("**Closing Date**").

The price you receive for each share sold through this facility will be equal to \$0.002 per share being the highest trading price for the shares in the last 60 days.

All costs associated with the sale of your Shares will be borne by the Company. No brokerage will be payable by you.

If your shares are held in a CHESS holding, Pilot Energy may, after the Closing Date, initiate a holding adjustment to move your shares to the issuer sponsored sub-register for the purpose of this facility.

Any tax consequences arising from the sale or buy-back of your shares will be your responsibility.

## 2. Retain your existing holding

If you wish to retain your existing holding, then you must either:

- correctly complete, sign and return the enclosed Share Retention Form so that it is received by 5.00pm (AEST) on 28 April 2017, being the Closing Date of this facility; or
- arrange to have multiple holdings consolidated into the one holding which has 250,000 or more shares on the Closing Date; or
- make your own arrangements outside this facility to purchase additional shares so that you are the registered holder of 250,000 or more shares on the Closing Date.

If you successfully take one of these steps, Pilot Energy will not be entitled to sell your shares.

### Important information

Pilot Energy reserves the right to vary, delay or terminate this sale facility by notice to the ASX.

The Company will determine whether a shareholder has a less than marketable parcel as at the Record Date. The Company will not have any reference to any increase in the price of shares after the Record Date in determining whose shares may be sold or bought back pursuant to this facility.

**If you have a less than marketable parcel as at the Record Date, then unless you take one of the steps outlined in section 2 of this letter, Pilot Energy will be entitled to sell your shares under this facility.**

Pilot Energy does not make any recommendation or provide any advice to you regarding whether to sell your holding under this facility or retain your existing holding.
